

Spark Gap

Vol. 31, Issue 8, August 2014 *MARC - Serving Central Indiana Communities for thirty-one years*

On Our MARC...

Sad to say another one-day Technician's License Class isn't in the books. We just didn't get enough interest this time around. I believe that we will be holding off until Feb or March 2015 for our next class. However, if you are interested in upgrading to General, starting September 10, 2014, Andrew, N9AWM, will be teaching a class. Please see Andrew or email him at andy@indylinux.org to let him know you are interested in attending the class.

It's not too late to throw your hat into the ring for an officer's position in the MARC for the 2014-15 year. If you hold a valid Amateur Radio license and are a dues-current, full member of the club, you can run for President, Vice President, Secretary or Treasurer. If you wish to run or would like to nominate someone else for a position, please contact Rhonda Curtis at secretary@midstatehams.org. Before nominating someone, please check with them to see if they are interested in an office. The slate will be finalized at the meeting on Aug. 16th with balloting up until the annual picnic on Sept. 20th.

Speaking of the picnic, it is a great family event. Again this year we will be headed to Steve Brown's, N9LC, home in Franklin. Steve and his wife have graciously welcomed us for another year and the location couldn't be any better. Hopefully the weather will be just as nice. Your admission is a covered dish or another item to share and a lawn chair to "sit a spell." The club will provide the meat, the drinks and the paper goods. See all of you there!

The program for the August meeting will be on soldering technique. Ken, KD9ALA, will present.

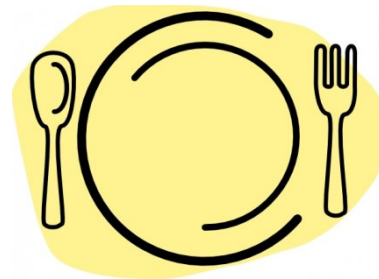

Jacki – KI6QOG
President

BIRTHDAY WISHES TO:

KZ9H-Joe Castro
N9CHY-Cy Young

Dinner Social

August 12, 2014 – Flap Jacks – 2991 Fulmer Dr in Bargersville. It is on the corner of State Road 135 and Whiteland Road. Gathering at 6:00 PM and order dinner between 6:30 PM and 6:45PM.

September 10, 2014 – Mexican Place in Franklin-More info at Aug meeting

Oct 14, 2014 – Fireside Brewhouse - Greenwood

GREENWOOD COMMUNITY BAND FESTIVAL

On Saturday August 9th was a premier event for Greenwood. It was the first annual Greenwood Community Band Festival held at the Surina Square Park in the Amphitheater. There were eight bands from different parts of Indiana not to compete but to just play their music. The band festival had only two rules, first is that there is no monetary awards or trophies and the second is that there is only rule number one. In all it was a great day with beautiful weather and plenty of good music to listen to.

MARC was asked by the coordinators of the festival to assist with parking cars and public safety. It was a large area where the cars were to be parked, so golf carts were used to transport band members and patrons to the amphitheater where the event was taking place. The festival officials were pleased with how smoothly the parking was handled and the communication support to the golf carts when they were needed. All seemed to go well for the event and our volunteers were appreciated for their work.

Breakfast to start the day.

This month in Coffee Break training, we are going to continue the review of applying for assistance when FEMA has Disaster Recovery Centers or DRC's, open after a disaster. Disaster Recovery Centers are locations that FEMA will temporarily open a field office for the public to walk into or schedule meetings with FEMA representatives to apply, review or appeal disaster assistance applications. Ideally, FEMA can provide for immediate financial needs for temporary housing and per diem (food) assistance, but long-term assistance can be available from and through the Small Business Administration.

[When] Schedule Changes for Illinois/FEMA Disaster Recovery Centers [Are they closed?]

[Main Content](#)

Release date: June 7, 2013

Release Number: 4116-IL NR-038

AURORA, Ill. – The eight Disaster Recovery Centers (DRC) operated by the state of Illinois and FEMA have changed their schedule of operations. They will now be open from Monday through Saturday, rather than seven days a week. The DRCs will be closed Sundays. Hours of operation remain 9 a.m. to 7 p.m.

The DRC locations are as follows:

[EDITED to remove long list of DRC's – not needed for this presentation, refer to below link for full article as originally published:

<http://www.fema.gov/news-release/2013/06/07/schedule-changes-illinois/fema-disaster-recovery-centers>

It is not necessary to visit a DRC to register with FEMA. Individuals can register online at www.disasterassistance.gov or via web-enabled phone at m.fema.gov. Applicants may also call 800-621-3362 or (TTY) 800-462-7585. People who use 711-Relay or Video Relay Services (VRS) can call 800-621-3362.

DRCs also offer an additional service for those who may have questions or need help in applying for disaster aid. Information about other disaster programs is also available from the U.S. Small Business Administration (SBA), state and local agencies, and voluntary organizations. Residents should apply with FEMA even if they already provided damage information to local officials, other agencies or organizations. Hazard Mitigation staff, located at the DRCs, can provide information on repairing or rebuilding homes to minimize damage from future storms and flooding events.

FEMA's mission is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards.

[FEMA Disaster Assistance](#)

But wait – There’s More!!

Another means of post disaster assistance is a Small Business Administration (SBA) disaster declaration. On occasions that the insured loss to un-insured loss ratio is not within the definition of a ‘Disaster Declaration’ under the Robert T. Stafford Disaster Relief and Emergency Assistance Act (As amended) the President of the United States can issue an SBA disaster declaration. Under these circumstances the SBA is authorized to make low interest loans to affected business’s **and** private residents who have suffered a substantial loss not fully covered by insurance to rebuild. Don’t forget that under the Stafford ACT there is a cap on the amount of a grant that can be awarded. This is where the SBA can step in and provide financial assistance when needed. An SBA Disaster Loan Outreach Center (DLOC) can be co-located or separate from the DRC. The below is a partial and separate news release that discusses the SBA Disaster Loan Outreach Center (DLOC).

FEMA DRC Transitions to SBA Center

AURORA, Ill. – The FEMA Disaster Recovery Center (DRC) located at [XXXX, XXXX] Lincoln Ave., [anytown, IN] will transition to a U.S. Small Business Administration (SBA) Disaster Loan Outreach Center (DLOC) beginning [XXX, XX,] 2013.

At the DLOC, SBA customer service representatives will issue disaster loan applications, answer questions about SBA’s disaster loan program, explain the application process, help individuals complete their application and close their approved disaster loans.

“At this stage in the recovery process, the emphasis for assistance is to meet long-term needs of survivors,” said W. Michael Moore, the federal official in charge of disaster recovery. “We believe the transition of the DRC to an SBA Disaster Loan Outreach Center will better meet the current needs of residents.”

IMPORTANT DATES AND EVENTS FOR YOUR CALENDAR

- Sept. 6 & 7 **Heartnut Festival Johnson County Park, Edinburgh**
Sept. 6th, 11:00 AM FOX HUNT at Johnson County Park
Bring your gear for a fun time and all are welcome, Steve ND9C is coordinating this event.
- Sept. 20 **M.A.R.C. Annual Picnic/Meeting**
To be held at the Steve Brown N9LC Ranch
See the MARC web page for more details
- Sept. 27 **Greenwood H. S. Marching Band Invitational, Greenwood**
Need 10 to 12 volunteers to assist with public safety and parking. High School Marching Bands compete on the Greenwood HS Football Field. At times there have been as many as 15 schools competing so it takes many people to help with this event. This will be the 18th year of MARC assisting with this event. Please help!!!! More details to come.
